

Year 11 Classes

Information Sheet

From the 2027 school year, Tenacity is extending into Year 11.

Subjects on offer

- Mathematics: Standard, Advanced, and Extension 1
- English: Standard, Advanced, and Extension 1

How the classes work

Every Year 11 class has two tutors in the room: a head tutor who leads the lesson, and a support tutor who checks understanding, works one-on-one with students, and helps with school assessments and homework. Class sizes stay small, up to 8 students.

English classes are grouped by school, so the module, texts, and assessment timing match what your child is actually studying in class.

Pricing

We've kept our prices the same as our Year 7-10 classes:

Class type	Session length	Fee
Standard or Advanced	2 hours	\$130
Extension 1	1.5 hours	\$100

Register your interest

Year 11 classes open once we have enough committed students for a subject and level, so registering early helps us open the classes your child needs.

Visit tenacitytutoring.com/year-11-interest to let us know which subjects your child is planning to take.
